Title X, Part C McKinney–Vento Homeless Education Program

- ▶ The Stewart B. McKinney–Vento Homeless Assistance Act is a competitive grant awarded for three years. All districts are eligible to apply. We currently have 17 programs receiving funds. Many districts have homeless students and do not receive McKinney–Vento funds. Those districts can use Title I funds or any other resources available to serve those students. The main focus of this program is education and assisting students to become proficient and beyond.

There are 7,250 Special Education Students that were identified as homeless in the 2012–13 school year.

Selecting Homeless Indicator

- ▶ According to [USDE Homeless Non-Regulatory Guidance](#) a student is defined as a homeless child or youth if sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement; children and youths who have a primary night-time residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described above. The term 'unaccompanied youth' includes a youth not in the physical custody of a parent or guardian.

Important reminders

- ▶ Once a student is identified as homeless, the student's homeless indicator and living status should remain selected in the student's record for the remainder of the academic year, regardless if his/her status changes.
- ▶ If a student transfers school to school in the same district within the same academic year, the homeless indicator and living status must be manually entered in the new enrollment.
- ▶ If a student transfers district to district, the person importing the student records should run the KY State Reporting Import Wizard which will populate the homeless indicator and living status from the losing districts database to the receiving districts database.

- ▶ Run the above verification reports to ensure no errors in data are found within your district

End of the Year Reporting for Homeless Data

● *student Homeless Count End of Year Reporting*

- ▶ By June 30th of the current school year, run the *student Homeless Count End of Year Reporting* report to keep a record of student's reported homeless with a living status in your district for the current year. This report will give you students in your district that have the homeless indicator selected and a living status selected; this is reported to the federal government annually.
- ▶ The 2013–14 Homeless data will be pulled at KDE on July 1st.
